Gaming keyboard HORNET

YKB 3300

AVAILABLE
LAYOUT

US

- ✦ **Software with 3 profiles**
- ✦ **Seven backlight colours**
- ✦ **Durable design with metal reinforcement**

The YKB 3300 HORNET gaming keyboard is equipped with 7 backlight colours and the software to setup macros. There are seven backlight colours available, allowing you to choose your favourite colour with adjustable brightness to match with other peripherals. Press the REC key and then one of the five macro buttons present to record your macro even without the need of any software. As opposed to recording macros via keyboard, the software offers detailed settings of both the keystrokes made and the whole macros which can be then applied to the bulk of keyboard buttons. Thanks to the multimedia buttons, you can simply operate the most frequently used computer features with a single press. Ergonomically cut keys are responsible for a reduced typing error rate and in combination with a wide space bar, the keyboard becomes the ultimate tool to play for hours without interruptions. Antighosting ensures that multiple keys can be pressed simultaneously without any conflict. "Win-lock" allows you to disable the Window key function, thus preventing the Windows start screen from being called out at random while playing. Three adjustable height levels guarantee a perfect slope for a wide range of users. Metal reinforcement guarantees a perfect stability and extra resistance against damage.

Specifications:

/ Rated Voltage: 5 V \pm 5 % / Rated Current: 300 mA
/ Stroke Life: 10 million / Key Route: 5.5 mm \pm 0.5 mm
/ Cable length: 1,8 m / Dimensions: 501 \times 198,5 \times 34 mm / Weight: 1320 g

System requirements:

/ USB port / Windows 7/8/10

Gaming mouse HORNET

YMS 3009

- ✦ 9 programmable buttons
- ✦ Multi-fire button
- ✦ Software

The HORNET YMS 3009 Optical Gaming Mouse is designed for advanced computer game players seeking not only quality but also design. The optimal "survival" arsenal and its full utilisation during missions is looked after by a total of 9 programmable buttons, incl. the ergonomic "multi-fire" button on the right side of the mouse. The included driver [CZ/EN] enables extensive setting options. The functions of the individual buttons can be changed, lighting can be set and macros can be created and edited. The HORNET comes with 256 kb of internal memory for storing 5 gaming profiles. Furthermore, it is possible to set cursor speed, double-click speed, scrolling speed, X- and Y-axis sensitivity, etc. Importantly, the sensor sensitivity can be adjusted from 400 to 3200 DPI and the polling rate can be set between 125 and 1000 Hz. The weight of the mouse can be adjusted by adding or removing 5 weights hidden under the top cover. Its long lifetime is also ensured by its braided cable with a gold-plated USB connector with an ideal length of 1.8 m. The LED sensitivity setting light and the unobtrusive orange backlight ensure the ultimate gaming experience even when the HORNET is used in the dark.

Specifications:

/ Number of buttons: 9 programmable / Sensitivity: 400/800/1 600/3 200 DPI
/ Frame rate: 3 600 fps / Polling rate: 125/500/1 000 Hz/s
/ Speed: 68 IPS / Acceleration: 30 G / Dimensions: 106 × 74 × 39 mm
/ Weight: 100 g (+/-20 g)

System requirements:

/ USB port / Windows 7/8/10

Gaming mouse AMBUSH

YMS 3017

- ✔ **Adjustable multicolor backlight**
- ✔ **5 programmable buttons**
- ✔ **Gold-plated USB connector**

Wired gaming mouse AMBUSH will surprise you with a cheeky backlight design. With included software (EN/CZ) you can set up any color you like for each DPI value. The functions of the buttons can be programmed, macros can be created and edited. It is possible to set cursor speed, double-click speed, scrolling speed, etc. The sensor sensitivity can be adjusted up to 3200 DPI and the polling rate can be set between 125 and 1000 Hz. Rubberized finishing and ergonomic design will secure comfortable using of AMBUSH during your gaming sessions or office work.

Specifications:

- / Number of buttons: 6 (5 programmable)
- / Sensitivity: up to 3 200 DPI
- / Polling rate: 125/500/1 000 Hz
- / Dimensions: 120 × 79,5 × 38,5 mm
- / Weight: 135 g

System requirements:

- / USB port 2.0 / Windows 7/8/10

Gaming mouse Overlord/Resistance

YMS 3028BE

YMS 3028RD

- ✦ Up to 4000 DPI resolution
- ✦ 7 Programmable buttons
- ✦ Tripple firekey

Protect your territory and allies with 8 button programmable gaming mice. Use included customizing software to improve mouse performance, change backlight color and style, create macros or set up requested function for each of 7 programmable buttons. You can adjust report rate (polling), sensitivity, scrolling and double-click speed. In each of 5 offered profiles you can choose 3 default modes to setup mouse for gaming, multimedia or office work or simply set the profiles to fit your most used programs and activities. Thanks to RGB LED technology you can set up any mouse backlight colour for separate profiles. Mouse ergonomics is designed in order to meet the most common requests of advanced gamers no matter which kind of grip they use while playing. 1.8 m braided cable with long lifespan and gold plated USB plug ensures fast and accurate mouse connection with maximum polling rate up to 1000 Hz.

Specifications:

- / Input: DC 5V/60 mA / Number of buttons: 7 / Mouse sensor: Avago A3050
- / Resolution: až 4 000 DPI / Polling rate: 125 Hz-1 000 Hz / Acceleration: 20 G
- / Interface: gold plated USB / Cable length: 180 cm
- / Dimensions: 125 × 78 × 43 mm / Weight: 157 g

System requirements:

- / USB port / Windows 7/8/10

Flat mouse pad

YPM 1000BE

- ✔ Large surface area
- ✔ Smooth mouse movement
- ✔ Suitable for all types of mice

Specifications:

/ Dimensions: 223 × 183 × 4 mm

Ultra thin mouse pad

YPM 2000GY

- ✔ Provides large mousing area
- ✔ Durable, washable and anti-static
- ✔ Smooth surface for slightly movement

Suitable for all types of mice.

Specifications:

/ Dimensions: 220 × 180 × 0.35 mm

Gaming mouse pad GATEWAY

YPM 3001

- ✔ Non-skid foam rubber base
- ✔ Large micro-textured mouse area
- ✔ Improve mouse tracking, accuracy and speed

Large and non-skid gaming pad for best performance of your mouse is suitable for all types of mice. Step into the game with improved tracking, accuracy and speed of your weapons and skills. GATEWAY is made of durable, washable, anti-peeling and anti-static material.

Specifications:

/ Dimensions: 320 × 265 × 4 mm

Gaming RGB Mouse Pad SHIELD

YPM 3005

- ✔ 9 changable light modes
- ✔ Low-friction PVC surface
- ✔ Non-slip steady rubber base

SHIELD is a hard and RGB backlit mouse pad designed for maximum gaming experience. Low-friction surface is optimized for accurate tracking of optical and laser mouse sensors. With only one touch you can switch between seven basic colours and two RGB modes. Backlight can be easily turned off or its intensity can be adjusted in three levels. The backlight controller is well accessible and is at the same level as the surface of the pad, which does not diminish the game space and does not restrict the movements of the mouse. Included 1,8 m braided USB cable is detachable so you can always unplug your pad in case you dont need backlight.

Specifications:

- / Dimensions: 350 × 250 × 5 mm
- / Input: 5 V /150 mA max.
- / Input plug: micro USB
- / Cable length: 1,8 m (included)
- / Surface material: PVC
- / Light guide panel material: Acrylic
- / Bottom material: Rubber
- / Weight: 482 g

Gaming mouse pad SHADOW XL

YPM 3007

- ✔ **Balanced mouse gliding**
- ✔ **Improved keyboard stability**
- ✔ **Heavy grip non-slip rubber base**

Extra large mouse pad will provide you bigger usable area for your gaming experiences. SHADOW XL will significantly improve your keyboard stability and mouse performance at the same time. The advanced weaving technology used for the pad surface provides balanced mouse glide and extremely precise tracking. The edges are reinforced by a tight stitching that prevents damage, deformation and greatly increases lifespan of your mousepad. SHADOW XL mouse pad is suitable for optical and laser mouse sensors.

Specifications:

/ Surface material: Polyester fibre
/ Bottom material: Natural rubber / Dimensions: 900 × 300 × 3 mm

Gaming mouse pad AMBUSH

YPM 3009

- ✔ **Excellent glide characteristics**
- ✔ **Colored stitched edges**
- ✔ **Non-slip rubber base**

Large 3D fabric surface with excellent glide characteristics ensures optimal mouse control and will significantly improve accuracy and precision of your mouse sensor. Heavy grip non-slip rubber base prevents the pad from sliding or moving. Colored stitched edges prevents fraying or peeling of surface and makes pad edges visible in dark gaming atmosphere by peripheral vision. AMBUSH mouse pad is suitable for optical and laser mouse sensors.

Specifications:

/ Surface material: Polyester fibre
/ Bottom material: Natural rubber / Dimensions: 400 × 300 × 4 mm

Gel mouse pad

YPM 4000BK

- ✔ Preventing excessive wrist straining
- ✔ High sensitive surface cloth
- ✔ Non-skid bottom surface

Ergonomic mouse pad with soft gel wrist rest ensures optimal position of your hand. Comfortable mouse area with micro-textured surface improve mouse tracking, accuracy and speed. Pad is made from durable, washable, anti-peel, anti-static material. Suitable for all types of mice.

Specifications:

/ Dimensions: 250 × 220 × 20 mm

Gel Wrist Rest For Keyboard

YPM 5000BK

- ✔ Preventing excessive wrist straining
- ✔ Pleasant and durable materials
- ✔ Non-skid bottom surface

Ergonomic keyboard pad with soft gel wrist rest ensures optimal position of your hands during long and frequent writing. Pad is made from durable, washable, anti-peel, anti-static material.

Specifications:

/ Dimensions: 490 × 90 × 20 mm

USB 2.0 hub and card reader

- ✔ Premium quality
- ✔ Three USB 2.0 ports
- ✔ Double slot card reader

Stylish 2.0 USB adapter that combines USB hub with a card reader. It expands your PC with three additional USB ports allowing you to connect external devices such as mouse, keyboard, phones, external hard drive, flash drive, etc. Double slot card reader supports automatic card detection and it is compatible with the most popular memory card formats.

Supported cards:

/ SD / SDXC / SDHC / Micro SD (TransFlash) / Micro SDHC

Specifications:

/ HUB: 3× USB 2.0 port
 / Output power: DC 5C/500 mA
 / Card reader: SD, micro SD slot
 / Data transfer rate: 480 Mbps
 / Cable length: 30 cm / Dimensions: 84 × 24 × 16 mm

System requirements:

/ USB port / Windows 7/8/10 / Linux 2.4 or above / Mac OS X

USB 2.0 and OTG hub and card reader

YHC 102SR

- ✔ Three USB 2.0 ports
- ✔ USB OTG for mobile devices
- ✔ Double slot card reader

Stylish 2.0 USB adapter that combines USB hub with a card reader including additional USB OTG Micro-B connection for mobile devices. It expands your PC or mobile device with three additional USB ports allowing you to connect external devices such as mouse, keyboard, phones, external hard drive, flash drive, etc. Double slot card reader supports automatic card detection and it is compatible with the most popular memory card formats.

Supported cards:

/ SD / SDXC / SDHC / Micro SD (TransFlash) / Micro SDHC

Specifications:

/ HUB: 3× USB 2.0 port / Output power: DC 5C /500 mA
 / Card reader: Slot SD, micro SD / Data transfer rate: 480 Mbps
 / USB cable length 30 cm / OTG cable length: 20 cm / Dimensions: 84 × 24 × 16 mm

System requirements:

/ Micro-B connection compatible only with OTG enabled mobile devices
 / USB port / Windows 7/8/10 / Linux 2.4 or above / Mac OS X

Card reader

YCR 2001BK

✔ Practical design 17 in 1

✔ Small size

✔ Plug & Play

Portable card reader/writer for the most common types of cards. Fully compatible with High Speed USB 2.0. Data rate of up to 480 Mbps. Power supply via a fold-out USB port. Does not require installation or an external power supply (Plug & Play).

Supported types of cards:

/ SD / miniSD / micro SD / SDHC / miniSDHC / micro SDHC / SDXC / micro SDXC
/ MMC / MMCmicro / MMCplus / RS-MMC / MMCmobile / Memory Stick PRO/Duo / PRO Duo / Micro (M2)

System requirements:

/ USB port / Windows 7/8/10 / Mac OS X / Linux Kernel 2.4.2 and higher

Hub 4× USB 2.0

YHB 4001BK

- ✔ Practical design
- ✔ Small size
- ✔ Plug & Play

Very high quality four-port USB hub makes it possible to install and run multiple devices at the same time (mouse, keyboard, printer, etc.). Does not require installation, simply insert it into the USB port on your computer. Thanks to its pocket size and practical design, it is ideal for every day carrying and use.

Specifications:

/ Power: USB 5 V DC / Speed: up to 480 Mbps / USB 2.0 / USB 1.1 / 1.0

System requirements:

/ USB port / Windows 7/8/10 / Mac OS x

Hub 4× USB 2.0

YHB 4002BK

- ✔ Dust resistant protection
- ✔ LED power signalization
- ✔ External power supply

Exclusive four-port USB hub with dust-resistant rubber covers and power switch for easy use and management. Power is supplied via USB or an external power adapter can be used if necessary (not included). Green LED diode indicates the activity of the device. Does not require installation (Plug & Play).

Specifications:

/ Power: USB 5 V DC (ext. 5 V DC/1 A positive polarity) / Speed: up to 480 Mbps / USB 2.0/USB 1.1/1.0
/ Dimensions: 112 × 28 × 19 mm / Cable lenght: 660 mm / Color: black

System requirements:

/ USB port / Windows 7/8/10 / Mac OS X

Hub 7× USB 2.0

YHB 7001BK

- ✔ **Practical design**
- ✔ **External power supply**
- ✔ **Plug & Play**

Quality practical seven-port USB hub makes it possible to install and run up to 7 devices at the same time (mouse, keyboard, printer, etc.). The device does not require installation, simply insert it into the USB port on your computer. Power is supplied via USB or an external power adapter can be used if necessary (not included). Thanks to its ergonomic design and compact dimensions, it is ideal for everyday carrying and use even when away from home or the office.

Specifications:

/ Power: USB 5 V DC (ext. 5VDC/1 A positive polarity) / Speed: up to 480 Mbps / USB2.0/USB 1.1/1.0 / Dimensions: 102 × 21 × 19 mm
/ Cable length: 550 mm / Material: plastic / Color: black

System requirements:

/ USB port / Windows 7/8/10 / Mac OS X

4-Port USB 3.0 charging hub

YHB 4341BK

- ❖ **Plug & Play**
- ❖ **External power supply**
- ❖ **Built-in surge protection**

4-Port USB 3.0 HUB with Super Speed data transfer up to 5 Gbps and micro USB input for external power supply. The USB Hub adds 4 USB ports to your PC, allows you to connect additional devices such as mice, keyboards, external hard drives, flash drives, etc. HUB can be used as multiple USB charger with max. charging current of 2.4 A on a single USB port if additional power supply is used (not included). Charging and data transfer works simultaneously, thus you can conveniently fast-charge your mobile device while continue using your other USB 3.0 peripherals. HUB supports hot swapping and thanks to built-in surge protection keeps your devices and data safe.

Specifications:

- / Upstream port: 1× USB 3.0 Typ A
- / Downstream ports: 4× USB 3.0
- / Data transfer rate: up to 5 Gbps
- / Ext. power input: micro USB 5 V/2 A (max.)
- / Power output: DC 5 V / 2.4 A (max. on single port)
- / Cable length: 120 cm
- / Power adapter is not included
- / Dimensions: 72 × 42 × 11 mm

System requirements:

- / USB port / Windows 7/8/10 / Mac OS X / Linux 2.6.14 or above

Gaming USB hub with mouse cable mount STING

YHB 3004

- ✔ 4 High Speed Extended USB Ports
- ✔ Multidirectional flexible cable mount
- ✔ Stable triangular base with backlight

STING is really cool gaming supplement that will allow you unlimited mouse movements by holding your mouse cable out of the way. 4 USB ports will manage all your desktop USB cables. Pleasant orange backlight with on/off switch will bring you right gaming atmosphere. Multidirectional flexible cable mount is detachable. Full stability is ensured with inner weights and triangular silicon foot-pad.

Specifications:

- / Power output: 5 V DC/500 mA
- / 4× USB port 2.0
- / LED indication of port in use
- / Data transfer speed up to 480 Mbps
- / 1.2m High performance USB input cable

Cooling notebook pad

YSN 110

- ✔ Up to 15" Notebooks
- ✔ 4× USB Hub
- ✔ High speed low noise fan

Adjustable height (6 lockable positions) make it possible to set the required viewing angle. Optimal heat dissipation from the notebook is provided by a powerful fan that can be turned off and placed in the ideal position depending on the type and size of the notebook (fan can be moved horizontally approx. 7 cm left and right from the middle of the pad). The pad contains 4 USB 2.0 ports and a practical cable holder on the rear side (that can be hidden when you are not using it). Suitable for all notebooks up to 15".

Specifications:

/ Current: 0,38 A / Operating voltage: 5 V DC / Speed: 1100 RPM / Noise level: 19 dBA
/ Dimensions: 355 × 260 × 38 mm / Fan dimensions Ø 140 mm / Weight: 680 g

/ Adjustable height

/ 4 USB 2.0 ports

/ Cable holder

/ Stable pad

/ Amazing cooling

Cooling notebook pad

YSN 120

- ✔ Low noise fan with LED backlight
- ✔ 2× USB port (sync & charge)
- ✔ Suitable for laptops up to 17" size

Low weight and ergonomic design will allow you to use it on your desktop or your lap while sitting or resting in sofa or bed. Fan with low noise level will not disturb you while working and it can be switched on/off any time. 2 USB ports can be used for data transfer or charging of another device (1 USB port is used for cooling pad power connection with your laptop).

Specifications:

- / Operating voltage: USB 5 V DC / Current: 0,38 A
- / Fan speed: 1 000 RPM / Noise level: 10 dBA
- / LED color: blue / Pad dimensions: 380 × 260 × 24 mm
- / Fan dimensions Ø 140 mm / Weight: 720 g

Cooling notebook table

YSN 210

- ✔ Up to 17" Notebooks
- ✔ Compact ergonomic design
- ✔ Silent built-in fans

Cooling stand under notebooks up to 17" in size. Aluminium body and two 80 mm fans ensure sufficient heat dissipation and optimal cooling of your equipment. A total of six swivel joints (360°) make it possible to set the notebook into the optimal position for work or play and its high stability is guaranteed even on slightly uneven surfaces. The stand is very easy to adjust to various heights and viewing angles, which make it into a great work aid, whether it be in the living room, bedroom, home office or outdoors. Thanks to its light aluminium construction, this stand is easy to move and you will appreciate its low weight and dimensions when storing it or when travelling. The safe "anchoring" of the notebook is ensured by a fold-out limit stop, which you can also use as a surface for placing smaller items.

Specifications:

- / Operating voltage (fans): 5 V DC
- / Current: 0,38 A
- / Noise level of the fans: < 25 dBA
- / Dimensions when folded up: 480 × 280 × 40 mm
- / Dimensions (work surface area): 350 × 260 × 15 mm
- / Work height: 40-465 mm
- / Weight: 1 060 g

/ Adjustable angles

/ Tilt Stopper

/ 2× 80 mm ventilators

/ Easy assembly/Disassembly

Wireless Bluetooth headset GROOVE

YHP 15BTBK

YHP 15BTWE

- ✔ **Touch and tab control**
- ✔ **Slim design and foldable size**
- ✔ **Hands free call function for smartphone**

Wireless headset GROOVE will bring you high quality music experience supported with 4.0 + EDR Bluetooth connection. Headset supports Bluetooth phone calls with "last called number" re-dial function and possibility to be connected with two phones at the same time. For maximum comfortable use GROOVE is equipped with finger "touch or tab" sensor for volume and next / previous track settings. Headset supports AUX input for non - Bluetooth devices. You will definitely appreciate low weight, slim design, perfect grip and foldable size of GROOVE when listening music or traveling.

Specifications:

- / Wireless transmission distance: < 10 m
- / Battery capacity: 300 mAh / Output power: 50 mW
- / Speaker impedance: 32 Ω
- / Frequency range: 20 Hz-20 kHz
- / Sensitivity: 95 dB / Charging time: 2,5 h
- / Voice communication working time: 8-10 h
- / Bluetooth music playing time: 8-10 h
(based on two-thirds of the maximum volume)
- / Battery level indicator: red LED when charging,
blue LED when fully charged. / Operating time: 8-10 h
- / Speaker dimensions: Ø 32 mm / Weight: 110 g

Gaming headphones HORNET

YHP 3010

- ✔ **Perfect sound experience**
- ✔ **Ideal for endless gaming sessions**
- ✔ **Omni-directional microphone**

Gaming headphones HORNET are ideal for playing games, listening to music and conversations via VoIP services. Two 40 mm speakers will supply you with clear and accurate sound experience. Low weight and big ear-cups ensures extremely comfortable gaming and music sessions without interference from background noise and pressure on the ears. You can twist and band rubbered omni-directional microphone for optimal and clear voice transmission. Microphone can be turned off with mute switch placed on in-line volume regulator.

Specifications:

- / Standard operating voltage: 3 V
- / Impedance: 32 Ω
- / Frequency response: 20 Hz–20 kHz
- / Speaker sensitivity: 102 \pm 3 dB
- / Microphone directivity: Omnidirection
- / Microphone sensitivity: -58 dB
- / Frequency response: 50 Hz–10 kHz
- / Cable length: 2,4 m
- / Plug type: Φ 3.5 Stereo
- / Speaker dimension: \varnothing 40 mm

Gaming headphones AMBUSH

YHP 3020

- ✔ Cracked backlight
- ✔ Extremely comfortable
- ✔ Clear and accurate sound

Gaming headphones AMBUSH with clear and accurate sound are ideal choice for playing games, listening to music and conversations via VoIP services. Comfortable use without interference from background noise and pressure on the ears is ensured by ergonomic designed ear-cups. Volume can be adjusted with in-line volume controller and optimal microphone position can be set for clear voice transmission.

Specifications:

- / Backlight plug: USB 5 V DC
- / Max. input power: 20 mV
- / Operating voltage: 500 mA
- / Impedance: 32 Ω
- / Speaker sensitivity: 98 ± 3 dB
- / Frequency response: 20 Hz–20 kHz
- / Microphone sensitivity: -42 ± 3 dB
- / Microphone frequency: 100 Hz–10 kHz
- / Cable length: 2,2 m
- / Audio plugs: 2× 3,5 mm Jack
- / Speaker dimension: \varnothing 50 mm

7.1 Gaming headset SABOTAGE

YHP 3030

- 7.1 virtual surround sound
- Self-adjusting headband
- Bass vibrations

Gaming headset SABOTAGE with 7.1 surround sound enhanced by bass vibrations will bring you impressive gaming experience and atmosphere. Thanks to realistic surround sound you will hear every footstep or move made by your enemies with accurate positioning and be ready to defend your self or sabotage their actions from right directions. Microphone position is adjustable by flexible goose neck in order to ensure perfect and clear voice communication. Decent LED signalization will inform you if microphone is in use or muted. Volume control and microphone mute - vibration on/off button are integrated in left-side ear cup in order to ensure easy and quick acces to settings and avoid cable tightening caused by common in-line controllers. Self-adjusting headband and ear cushions are designed for absolute comfort and long gaming sessions. The static, unobstrutive red backlight defines your gaming style and makes the headset visible in a dark environment, but will not disturb you or your teammates during the gaming sessions. For convenience and unlimited use headset is connected to a computer with a 2.4 m anti-tangle braided cable with gold plated USB connector.

Headphone characteristics:

/ Rated input power: 20 mW / Nominal impedance: 32 Ω / Frequency Response: 20 Hz-20 kHz
/ Speaker sensitivity: 115 +/- 3 dB / Speaker Dimension: \varnothing 40 mm (Neodymium Magnets)

Microphone characteristics:

/ Microphone type: Condenser / Microphone sensitivity: -42 +/- 2 dB / Frequency Response: 20 Hz-10 kHz
/ Supply voltage: 2 V / Nominal impedance: 2.2 Kohm / Dimensions: \varnothing 4 x 1,5 mm
/ Length: 150 mm (include gooseneck) / Connection: USB plug (gold plated) / Cable length: 2,4 m / Weight: 417 g

“High Resolution” in-ear headphones with microphone

YHP 205BK

YHP 205CE

YHP 205WE

- ✔ Ergonomic In-ear design
- ✔ Titanium speaker diaphragm
- ✔ Omni-Directional microphone

“High Resolution” in-ear headphones are best solution for digital music played from your portable and smart devices. Durable, stylish and user friendly in-line multi function controller is designed and tested for inconsiderate daily use. Premium materials combined with ergonomic design will deliver to you perfect sound experience and comfortable use even while walking, running or exercising. Thanks to sensitive omni-directional condenser microphone all your calls will be well heard and clearly understandable under any conditions.

Specifications:

- / Shell material: Aluminum alloy & PC
- / Frequency response: 20 Hz–20 kHz
- / Driver type: Dynamic, N40 Neodymium magnet
- / Speaker impedance: $21\Omega \pm 15\%$
- / Speaker diaphragm: Titanium / Rated input: 3 mW
- / Max. Output: 5 mW / Speaker diameter: $\varnothing 10\text{ mm}$
- / THD: $\leq 5\%$ @ 1 kHz, 126 mV
- / Sensitivity: 102 dB ($\pm 3\text{ dB}$) @ 1 kHz, 126 mV
- / Microphone type: Omni-Directional Condenser Mic.
- / Microphone sensitivity: $-42\text{ dB} \pm 3\text{ dB}$ [0 dB = 1 V/Pa @ 1 kHz]
- / Microphone output impedance: 2,2 k Ω
- / Plug: Gold plated 3.5 mm ptereo plug
- / Push switch: Panasonic (100,000 cycles)
- / Cable length: 120 cm

Earphones with microphone

YHP 305BK 

YHP 305GD 

YHP 305PK 

YHP 305WE 

- ✔ Extremely comfortable
- ✔ Perfect sound experience
- ✔ Ultra-lightweight metal shell

Stylish and lightweight earphones are best choice for listening of music played from all portable and smart devices. Enjoy not only perfectly balanced music sound but also call or receive your phone calls. All is controlled with user friendly in-line multi function controller designed for inconsiderate daily use. Premium materials combined with ergonomic design will deliver to you perfect sound experience and comfortable use even while walking, running or exercising.

Specifications:

- / Shell material: Metal Aluminium alloy
- / Frequency response: 20 Hz-20 kHz
- / Driver type: Copper ring
- / Speaker impedance: 32 Ω
- / Speaker diaphragm: PTD
- / Rated input: 1 mW
- / Max. Output: 1,9 mW
- / Speaker diameter: \varnothing 14,2 mm
- / THD: 20 Hz - 5 000 Hz \leq 5 %
- / Sensitivity: 119 dB \pm 3 dB
- / Microphone type: Omnidirectional
- / Microphone sensitivity: -42 \pm 3 dB
- / Microphone output impedance: 2,27 Ω
- / Plug: Gold plated 3,5 mm
- / Cable length: 120 cm

Wireless handsfree headset

YHF F15BK

- Extremely comfortable
- Excellent voice quality
- Lightweight metal shell

Wireless handsfree headset is best solution for safe hands-free calls while driving or in any other situation where you need free hands for other tasks. Thin design and minimal weight provide convenient use and unrestricted movement in any moment and situation. Silicone earbud cover is designed to ensure safe and solid but at the same time comfortable contact with your ear.

Specifications:

- / Type of connection: Bluetooth v 4.1
- / Transmission distance: 10 m
- / Battery: Lithium polymer (40 mAh)
- / Talking time: 3 h
- / Standby time: 100 h
- / Charging time: 1 h
- / Input: micro USB/5 V DC
- / Frequency response: 20 Hz-20 kHz
- / Speaker sensitivity: 92 dB
- / Microphone sensitivity: -42 dB
- / Included accessories: charging cable and ear hook
- / Dimensions: 90 × 10 × 5 mm
- / Weight: 5,4 g

Studio microphone set

YMC 1030

- ❖ **Cardioid condenser microphone**
- ❖ **Adjustable microphone studio stand**
- ❖ **Pop filter & shock mount & wind cover**

Studio microphone set "STREAMER" is the perfect starting pack for streaming, vlogging, podcasting, online gaming, audio recording or live broadcasting. High quality cardioid condenser microphone comes with everything you need. Package includes pop filter, shock mount, wind cover and adjustable desktop studio stand. The microphone delivers a smooth and clean audio response. Thanks to the cardioid polar pattern characteristic and detachable pop filter, this microphone reduce ambient noises and transmit clear and accurate voice of the broadcasting person. For comfortable use and optimal positioning microphone is fixed in a stand with 2-axis swivel mount. Vertical reach of the stand is up to 750 mm and it can be mounted on all tables from 10 to 52 mm thickness. The microphone uses standard XLR output and comes included with a 2,5 m cable (XLR/3,5mm jack). In case your computer uses a combined mic and headphone jack, you can use Y adapter which is included in packaging.

Specifications:

- / Microphone-core: Condenser (Ø 16 mm)
- / Polar pattern: Cardioid / Frequency response: 30 Hz - 16 kHz
- / Sensitivity: -38 dB +/- 3 dB [0 dB=1 V/Pa @ 1 kHz]
- / Equivalent noise level: 16 dBA max. / Microphone sensitivity: -42 +/- 2 dB
- / Frequency response: 20 Hz-10 kHz / Maximum SPL: 120 dB
- / S/N Ratio: 70 dB / Electrical current: 3 mA / Voltage: 1,5 V / Material: Metal
- / Stand vertical reach: up to 750 mm / Plug: 3,5 mm Jack / Cable length: 2,5 m
- / Required table thickness: 10 to 52 mm

/ Spring Strengthen

/ All steel construction

/ Adjustable Screw

/ Adjustable Clamp

/ Smooth Bendable Steel Material

Desktop PC microphone

YMC 1020GY

- ✔ **Plug & play**
- ✔ **Professional design**
- ✔ **Clear and natural sound**

High quality PC microphone that can be used for online gaming, chatting, video conferencing, streaming, etc. Professional design and premium materials will give a serious look to your PC set-up and your friends, battle comrades and followers will hear you clear and clean all the time. Non-slip tripod offers angle adjustment and ensures high stability of the microphone on the desktop. You can mute microphone using on/off switch.

Specifications:

- / Operation voltage: DC 1,5 V
- / Impedance: $\leq 2,2 \text{ k}\Omega$
- / Sensitivity: $-30 \text{ dB} \pm 3 \text{ dB}$
- / Frequency response: 50 Hz-16 kHz
- / S/N ratio: $> 36 \text{ dB}$
- / Microphone unit: Omni Condenser
- / Cord length: 1,8 m
- / Plug: 3,5 mm Jack

Stereo speakers 2.0

YSP 2001BE 

YSP 2001BK 

YSP 2001RD 

YSP 2001WH 

- ✔ **USB Powered**
- ✔ **Volume Control**
- ✔ **Portable Size**

Elegant stereo speakers 2.0, ultra compact dimensions, powered via a standard USB interface. Ideal choice for intensifying the sound experience from your notebook, netbook or PC. The audio signal is transferred via a standard 3.5 mm audio jack. Volume control on the rear side of the speaker.

Specifications:

- / Power Input: USB 5 V
- / Loudspeaker output: 2× 3 W (RMS)
- / Speaker impedance: 4 Ω
- / Frequency response: 150 Hz–20 KHz
- / Signal-to-Noise: ≥ 80 dB
- / Dimensions: 85 × 85 × 107 mm
- / Weight: 550 g

USB stereo speakers 2.0

YSP 2010BN 

YSP 2010BK 

- ✔ **USB Powered**
- ✔ **In-line volume controller**
- ✔ **Clear and precise sound**

USB powered wooden stereo speakers with clear and accurate sound will improve the quality of audio performance of your laptop or PC. In-line volume control will allow you easy and comfortable volume settings. The audio signal is transferred via a standard stereo 3.5 mm audio jack.

Specifications:

- / Power input: USB 5 V DC
- / Impedance: 4 Ω
- / Signal-to-Noise \geq 70 dB
- / Loudspeaker output: 2 \times 2,5 W (RMS)
- / Frequency response: 50 Hz-20 kHz
- / Dimensions: 85 \times 85 \times 130 mm
- / Weight: 530 g
- / Cable length: 130 cm

Active desktop speakers 2.0

YSP 2020BK

- ✔ Volume control
- ✔ Attractive design
- ✔ LED Power Indicator

Active 2.0 desktop speakers are optimal solution for best music, movie or gaming sound experience. Enjoy ultimate sound quality combined with attractive design. Easy access to volume settings and power on/off with front panel control button.

Specifications:

- / Power input: 230 V / 50 Hz / Speaker unit impedance: 8 Ω
- / Signal-to-Noise: 60 dB / Output power (RMS): 5 W
- / Frequency response: 120 Hz~18 kHz / Plug: 3.5 mm audio jack
- / Audio kabel: 1,1 m / Power cord: 1,3 m / Dimensions: 155 x 95 x 79 mm
- / Net weight 890 g

2.1 Desktop speaker system

YSP 212BK

- ✔ **Compact and stylish design**
- ✔ **Volume and bass control**
- ✔ **Clear and accurate sound**

Enjoy music, games or movies with 2.1 desktop speaker system offering clear and accurate sound experience. The subwoofer is made of quality fibreboard in order to reduce audio resonances. The bass reflex port provides well balanced bass which can be also adjusted by trimmer on the side of the subwoofer. Thanks to volume and bass regulation you can adjust the sound in order to meet your audio expectations. Compact size allows you to place satellites at your working desk next to your screen or laptop and yet ensures enough working space around them.

Specifications:

- / Power input: 110 - 220 V AC, 50/60 Hz
- / Total RMS: 8 W (5 W + 2x 1,5 W)
- / Impedance: 4 Ω
- / Speaker unit: 3", 2x 2,5"
- / Frequency Response: 100 Hz - 20 kHz
- / Audio cable length: 1,2 m
- / Audio plug: 3,5 mm Jack
- / Sattelite cable length: 1,5 m
- / Subwoofer size 215 x 135 x 167 mm
- / Satellites dimensions: 71 x 67 x 119 mm

Portable outdoor bluetooth speaker

YSP 3003BE 

YSP 3003GN 

YSP 3003GY 

YSP 3003WE 

- ✔ **Durable shockproof outdoor design**
- ✔ **Outstanding sound and powerful bass**
- ✔ **Supports bluetooth/AUX/micro SD playback**

Waterproof, dustproof and shockproof bluetooth speaker which is suitable for your favorite outdoor or indoor activities. You are offered amazing 360° music experience through the 40 mm driver unit with a passive subwoofer for a rich bass tones. Rechargeable lithium-ion battery with a capacity of 600 mAh provides an impressive eight hours non-stop music playtime. Connect the speaker with any bluetooth enabled device and listen to your music or receive phonecalls thanks to built-in microphone and hands-free function. Traditional AUX input allows you to play your music from non-bluetooth devices such as iPod, MP3 etc. You can also listen your audio files from micro SD cards with capacity up to 32 GB. Intuitive control panel is easy to use in any conditions. With four water and dust protected control buttons you can adjust volume, jump to next or previous song, receive your calls or even dial last called number on your phone. You will definitely love bluetooth remote shutter function which allows you to take a pictures from your phone anytime, anywhere. For comfortable use in any situation, package contents metal carabiner and outdoor rope to hang your speaker to your backpack, bike, tent, etc.

Package contents:

- / 1× Outdoor carabiner / 1× Outdoor rope 60cm
- / 1× Stereo audio cable 3.5 mm jack
- / 1× USB charging cable / 1× User manual

Specifications:

- / Power input: DC 5 V/500 mA
- / Battery: Li-ion (600 mAh) / Speaker impedance: 2 Ω
- / Frequency response: 120 Hz-18 kHz / Power output: 3 W
- / Charging time: 3 h / Playtime: 8 h / Bluetooth version 3.0
- / Transmission range: ≥ 10 m / AUX input: 3.5 mm jack
- / Card slot: TF/Micro SD up to 32 GB / Driver unit: Ø 40 mm
- / IP protection: IP44 (protected against splashing water)
- / Dimensions: 80 × 80 × 41 mm / Weight: 145 g

Universal notebook adapter 90 W

YAU 90011

- ✔ Automatic voltage detection
- ✔ For most 18.5-20 V DC notebooks
- ✔ Overload and shortcut protection

Universal Notebook adapter suitable for most models available on the market. Automatic voltage adjustment is secured with set of 11 detachable connectors. For maximum protection of your device adapter has over-current, over-voltage and short-circuit protection.

Specifications:

- / Input: AC 110-240 V/1,8 A; 50/60 Hz
- / Output: DC 18,5-20 V; 90 W
- / Efficiency: > 87 %
- / Operating temperature: 0 - 40 °C
- / Operation humidity: 20 - 85 %
- / AC cord included in packaging
- / Dimensions: 133 × 60 × 30 mm

USB charger

YAC 2003BK 

YAC 2003WH 

- ✔ 1000 mA
- ✔ Small size
- ✔ Overload protection

Mains charger with USB output. It includes several safety features such as short circuit protection or automatic overload shut off. A perfect travel partner.

Specifications:

- / Input voltage: 110-240 V AC 50/60 Hz, 130 mA
- / Output USB: 5 V DC, 1 000 mA
- / Dimensions: 39,6 × 22,6 × 74,3 mm
- / Color: black, white

Micro USB charger

YAC 2006MC

- ✔ Ergonomic design
- ✔ Power signalization
- ✔ High-energy efficient

High efficient USB charger compatible with all micro USB devices.
Ideal as a spare charger for use at home, work or while traveling.

Specifications:

/ Input: AC 100–240 V, 60/50 Hz
/ Output: 5 V DC, 1 000 mA / Output plug: Micro USB

Micro USB charger

YAC 2016BK ●

YAC 2016WH ○

- ✔ Ergonomic design
- ✔ High-energy efficient
- ✔ Integrated micro USB cable

High efficient USB charger compatible with all micro USB devices.
Ideal as a spare charger for use at home, work or while traveling.

Specifications:

/ Input: AC 100–240 V, 60/50 Hz / Output: 5 V DC 2 000 mA
/ Output plug: Micro USB / Cable length: 130 cm

USB Type-C wall charger

YAC 2026BK 

YAC 2026WH 

- ✔ Ergonomic design
- ✔ High-energy efficient
- ✔ USB Type-C wall charger

High efficient USB charger compatible with all USB Type-C devices.
Ideal as a spare charger for use at home, work or while traveling.

Specifications:

/ Input: AC 100-240 V, 60/50 Hz / Output: 5 V DC 2 000 mA
/ Output plug: USB C / Cable length: 130 cm

USB car charger

YAC 2001

- ❖ 4200 mA
- ❖ 2× USB
- ❖ Small size

High performance car USB charger which will make it possible to charge up to two USB devices at once. It includes several safety features such as short circuit protection or automatic overload shut off. A perfect travel partner.

Specifications:

/ Input voltage: DC 12 V / Output voltage: DC 5 V / Output current: 2× 2100 mA
/ LED indication: blue / Dimensions: 25 × 69 × Ø 20 mm / Color: black

MicroUSB car charger with USB port

YAC 2002

- ❖ 2000 mA
- ❖ 2× USB
- ❖ Small size

Car mini USB charger which will make it possible to charge up to two USB devices at once. It includes several safety features such as short circuit protection or automatic overload shut off. A perfect travel partner.

Specifications:

/ Input voltage: DC 12 V / Output voltage: DC 5 V / Output current: 2× 2100 mA
/ LED indication: blue / Dimensions: 25 × 69 × Ø 20 mm / Color: black

MicroUSB car charger with USB port

YAC 2004

- ❖ Compact and lightweight
- ❖ Integrated micro USB cable
- ❖ Simultaneously charging of two devices

Car charger with integrated microUSB cable (1,5m max.) and additional USB port. Compatible with a wide array of microUSB and USB devices.

Specifications:

/ Input: DC 12-24 V / Output: DC 5 V max. 2,1 A
/ USB port – 2,1 A (if used only) / Micro USB – 1 A

Dual USB car charger 4.8 A

YAC 2048BK 

YAC 2048SR 

YAC 2048GD 

YAC 2048RE 

- ✔ **Unique fashionable design**
- ✔ **Intelligent output identification**
- ✔ **For smart phones and tablets**

Fashionable dual 4.8 A car charger with intelligent output identification on each USB port. Charger is suitable for smartphones and tablets and it can charge two devices simultaneously. For maximum safety this fast charger includes temperature protection, short circuit protection, input overvoltage protection and output overcurrent protection.

Specifications:

- / Input: 12-24 V DC
- / Output: USB 5 V DC 2,4 A + 2,4 A
- / Dimensions: 26 × 68 mm

5-Port USB charging station

YAC 3005BK 

YAC 3005WE 

- ✔ Smart charging
- ✔ Safety features
- ✔ Portable size

5-Port USB Charging station with total 40 W/8 A output power provides simultaneous multi-device charging. Optimal charging is secured with built-in smart IC device detection and 2.4 A max. current output on a single port. The charging station is compatible with various tablets, smartphones and other USB powered devices. Safety features as over voltage, over current, temperature and short-circuit protection will keep you and your devices always safe. The station is ideal as a family charging solution at home or when traveling.

Specifications:

- / Input: 100-240 V / 50-60 Hz
- / Output: DC 5 V / 8,0 A (40 W)
- / Single port output: 2.4 A (max.)
- / Europlug power cord included

- / Weight: 160 g

Wireless charger 5 W

YAC 5005

- ❖ Qi certified
- ❖ Non-slip design
- ❖ LED light indication

A wireless charging pad with 5 W of power and a Qi certificate is an ideal choice for wireless charging of your phone. Just put your phone on the pad and the wireless charging will start automatically. A decent LED indication informs you on the charging status. The charger is compatible with all phones equipped with the wireless Qi standard technology, either directly from factory or you can buy recommended compatible accessories. The charger is equipped with a detector of foreign subjects, protection against overheating, input overvoltage, and output overcurrent. If metallic or magnetic items that do not support wireless charging are put on the charger, red LED indicator will flash and the charging will be interrupted. When 100% of the battery capacity is reached, the charging pad will keep the phone fully charged. Anti-slip rubber feet will protect your charger and phone against motion. The applied materials secure the charging station against excessive wear by frequent use. The USB C cable is included.

Specifications:

- / Input: 5 V 2 A, USB C
- / Output: 5 V 1 A
- / Product standart: Qi
- / Charging distance: ≤ 10 mm
- / Charging efficiency: $\leq 80\%$
- / Material: ABS
- / Charging cable included
- / Cable length: 1 m
- / Dimensions: 95×14 mm
- / Weight: 75 g

Wireless charger 10 W

YAC 5010

- ✔ Qi certified
- ✔ Non-slip design
- ✔ LED light indication

A wireless charging pad with 10 W of power and a Qi certificate is an ideal choice for wireless charging of your phone. Just put your phone on the pad and the wireless charging will start automatically. A decent LED indication informs you on the charging status. Power Bank 8000 mAh

YPB 0180BK 

YPB 0180GD 

YPB 0180GY 

- ✦ Aluminium alloy case
- ✦ Integrated micro USB cable
- ✦ Intelligent power management

Portable Power Bank with 8000mAh capacity that can charge 2 devices at the same time. Suitable for mobile phones, tablets and many other devices requiring 5V DC USB power source. To check actual capacity status shake up power bank and LED sensor will show you how much is you power bank charged at the moment. Quick Charge, high transfer efficiency Li-ion battery cell ensures high safety and stability. Intelligent protective program prevents from overcharging, discharging and short-circuit.

Specifications:

- / Input: DC 5 V/2 A max. - micro USB
- / Battery type: Li-ion Polymer
- / Capacity 8 000 mAh/3,7 V (29,6 Wh)
- / Output: DC 5 V/1 A + DC 5 V/2,1 A - USB
- / Case material: Aluminium alloy
- / Charging cable included.
- / Dimensions: 131 × 66 × 14 mm
- / Weight: 190 g

Power Bank

YPB 0111BK - 11 000 mAh

YPB 0160BK - 6 000 mAh

✔ **Compact and lightweight**

✔ **Safety protections**

✔ **Charge 2 devices at once**

Portable Power Bank with 11 000 mAh or 6 000 mAh capacity that can charge 2 devices at the same time. Suitable for mobile phones, tablets and many other devices requiring 5V DC USB power source. Quick Charge, high transfer efficiency. Li-ion battery cell ensures high safety and stability. Intelligent protect program prevents overcharging, discharging and short-circuit.

Specifications:

- / Input: DC 5 V/1 A max. - micro USB
- / Battery type: Li-ion
- / Capacity: 11 000 mAh/3,7 V (40.7 Wh)
- / Output: DC 5 V/1 A + DC 5 V/2.1 A - USB
- / Charging cable included
- / Size: 155 × 63 × 21.5 mm
- / Weight: 280 g

Specifications:

- / Input: DC 5 V/1 A max. - micro USB
- / Battery type: Li-ion
- / Capacity: 6 000 mAh/3,7 V (22,2 Wh)
- / Output: DC 5 V/1 A + DC 5 V/2.1 A - USB
- / Charging cable included
- / Size: 105 mm × 63 mm × 21,5 mm
- / Weight: 179 g

Type C to VGA adapter

YTC 011

- ✔ Plug & Play
- ✔ Durable aluminum housing
- ✔ Resolution up to 1080p

Connect your devices to a TV set, a monitor or a projector via the VGA adapter. The Type C adapter supports video sharing in a resolution of up to 1080p @ 60 Hz. Extend your desktop with another monitor or mirror your device's image onto a TV set or a projector. Just insert the USB C connector in your notebook, connect the target monitor via the VGA connector and you are mirroring the image from your device. The VGA adapter does not require any drivers to be installed. Aluminium body withstands everyday use and prevent the connector from damage. Reversible design of the USB type - C connector helps you to plug it in your devices no matter which side up or down.

Specifications:

- / Resolution: up to 1080p @ 60Hz
- / Input: 1x USB C
- / Output: 1x VGA
- / Material: Aluminum
- / Cable Length: 20 cm
- / Size: 47 × 26 × 14,5 mm
- / Weight: 25 g

Type C to HDMI adapter

YTC 012

- ✔ **Plug & Play**
- ✔ **Durable aluminum housing**
- ✔ **4K resolution supported**

Connect your devices to a TV set, a monitor or a projector via the HDMI adapter. The Type C adapter supports video sharing in a resolution of up to 4K 3840 × 2160 @ 30 Hz. Extend your desktop with another monitor or mirror your device's image onto a TV set or a projector. Insert the USB C connector to your notebook, mobile phone or tablet and connect the target monitor via the HDMI connector. The HDMI adapter does not require any drivers to be installed. Aluminium body withstands everyday use and prevents the connector from damage. The adapter is suitable for notebooks, tablets and mobile phones equipped with USB-C port. Reversible design of the USB type-C connector helps you to plug it in your devices no matter which side up or down.

Specifications:

- / Resolution up to (4K) 3840 × 2160 @ 30 Hz
- / Input: 1× USB C
- / Output: 1× HDMI
- / Material: Aluminum
- / Cable Length: 20 cm
- / Dimension: 44 × 24 × 9 mm
- / Weight: 15 g

Type C to Micro USB / USB 3.0 adapter

YTC 021

- ✔ Plug & Play
- ✔ Durable aluminum housing
- ✔ 2 in 1 solution

Charge and synchronize your Type C device with a Micro USB or USB 3.0 reduction. The USB 3.0 reaches high-speed data transfer of up to 5 Gb/s. The adapter is suitable for notebooks, tablets and mobile phones equipped with USB-C port. Aluminium body withstands everyday use and prevent the connector from damage. Reversible design of the USB type- C connector helps you to plug it in your devices no matter which side up or down.

USB AF specifications:

- / Input: 1x USB 3.0
- / Output: 1x USB C
- / Size: 24 × 16,8 × 7,8 mm
- / Weight: 15 g

Micro USB specifications:

- / Input: 1x Micro USB / Output: 1x USB C
- / Material: Aluminum
- / Dimension: 20 × 14,5 × 5,5 mm
- / Weight: 12 g

Type C multi-port hub

YTC 031

- ✔ **Plug & Play**
- ✔ **Durable aluminum housing**
- ✔ **4K resolution supported**

Extend your desktop with another monitor or mirror your notebook, mobile phone or tablet onto a TV set or a projector in resolution of up to 4K 3840 × 2160 @ 30 Hz. The adaptor is equipped with a USB C port with Power delivery feature which supports your notebook charging while you are transferring your data or mirroring the image using the HDMI or USB 3.0 port. Connect your flash discs or external discs via USB 3.0 reaching a high-speed data transfer of up to 5 Gb/s. Aluminium body withstands everyday use and prevent the connector from damage. Lightweight design and compact size make the adaptor great travel accessories. No installation of drivers is required. Just insert the USB C connector in your notebook, connect the target monitor via the HDMI connector and you are mirroring the image from your device. Reversible design of the USB type-C connector helps you to plug it in your devices no matter which side up or down. The adapter is suitable for notebooks, tablets and mobile phones equipped with USB-C port.

Specifications:

- / Input: 1× USB C
- / Power input: 61 W/20,3 V/3 A, 9 V/3 A, 5,2 V/2,4 A
- / Output: 1× USB 3.0
- / Data transfer rate: up to 5 Gbps
- / Power output: 5 V/2,4 A
- / 1× HDMI
- / Resolution up to 4K 3840 × 2160 @ 30 Hz
- / 1× USB C
- / Power output: 61 W / 20,3 V/3 A, 9 V/3 A, 5,2 V/2,4 A
- / Material: Aluminum
- / Cable length: 20 cm
- / Dimension: 50,8 × 58 × 11 mm
- / Weight: 62,6 g
